

FIA EUROPEAN HISTORIC SPORTING RALLY CHAMPIONSHIP

2015

A WARM WELCOME TO THE 2015 FIA HISTORIC SPORTING RALLY CHAMPIONSHIP

For 2015 the Historic Sporting Rally Championship incorporates a new event in Czech - Rally Bohemia Historic - and sees some changes to the Championship regulations to provide more choice whilst making it a "tougher challenge".

Last year saw some great competition and exciting action in all categories and it is pleasing to see that the older Category 1 & 2 cars remain competitive and provide enthusiasts with the opportunity to drive in some of the very best events in Europe.

We continue to recognise and support the "classic" events in period but have removed the coefficients, increased your choice of events (now 15) and split the calendar into 3 separate scoring sections, A, B, and C to encourage competitors to enter more events and reward the organisers for their efforts. To be classified in the final Championship you must start a minimum of 2 events in each section. For the final calculations the best 3 scores in each section from ANY event will be used. Cars in Period J2 (to the end of 1990) are now eligible to compete.

Also new for 2015 is a limit on the number of tyres which may be used on Asphalt competitions – a maximum of 14 which must be presented and marked at the start of each competition.

Registration is easy - simply follow the instructions on the FIA website - www.fia.com. Select "sport" then "championships" then "FIA Historic Rally Championship", then "Regulations" and finally "Forms". For the Championship Regulations select "sport" then "regulations".

All the organisers and FIA officials look forward to seeing you during 2015. Please do not hesitate to contact any of the events or the Championship representatives to ensure your views are heard.

Bienvenue au Championnat des Rallyes Sportifs Historiques de la FIA 2015

En 2015, le Championnat des Rallyes Sportifs Historiques comprend une nouvelle épreuve disputée en République tchèque – le Rally Bohemia Historic – et voit quelques changements de règlement destinés à offrir davantage de choix tout en relevant le „défi“.

En 2014, la compétition a été très serrée et l'action assurée dans toutes les catégories. Nous sommes ravis que les voitures plus anciennes des Catégories 1 et 2 demeurent compétitives et permettent à des passionnés de participer à certaines des meilleures épreuves d'Europe.

Nous continuons de reconnaître et soutenir les épreuves „classiques“ en période mais avons supprimé les coefficients, élargi le choix d'épreuves (15 dorénavant) et divisé le calendrier en 3 sections distinctes d'attribution des points, A, B et C, afin d'encourager les concurrents à s'engager dans un plus grand nombre d'épreuves et de récompenser les organisateurs pour leurs efforts. Pour figurer au classement final du Championnat, il faut avoir pris le départ d'au moins 2 épreuves dans chaque section. Pour les calculs finaux, les 3 meilleurs résultats de chaque section DE TOUTE épreuve seront utilisés. Les voitures en Période J2 (jusqu'à la fin 1990) sont désormais admises à participer.

Autre nouveauté en 2015, le nombre de pneus autorisés lors des compétitions sur asphalté est limité à 14 au maximum. Tous devront être présentés et marqués au début de chaque compétition.

L'inscription se fait simplement en suivant les instructions données sur le site Web de la FIA - www.fia.com. Sélectionnez „Sport“ puis „Championships“, „FIA Historic Rally Championships“ et enfin „Forms“. Pour consulter les règlements applicables au Championnat, sélectionnez „Sport“ puis „Regulations“.

Tous les organisateurs et les officiels de la FIA comptent sur votre présence en 2015. Surtout n'hésitez pas à contacter les représentants des épreuves ou du Championnat pour exprimer votre point de vue.

Scrutineering

Friday 29 & Saturday 30 May

Ceremonial Start

Sunday 31 May

Rally on asphalt

Monday 1 June

Rally on gravel - Finish of the rally

Prize giving ceremony

"This year the rally is the 6th round of the 2015 FIA European Historic Sporting Rally Championship and it will be split into two distinct competitions with one taking place on asphalt and the other one on gravel."

However there is going to be only one overall classification that will concern the total rally and the prize giving will concern this overall classification.

Starting from the foothill of the Parthenon Temple at the Acropolis, competitors will be directed towards central Greece, while performing on some of the most classical and renowned special stages of the old Acropolis rallies.

The HQ of the rally will be located in Itea.

The finish of the rally, scheduled in Athens, will be followed by the traditional prize giving ceremony that will be held at the Philopappos Hill, opposite to Acropolis.
