

FEDERATION INTERNATIONALE DE L' AUTOMOBILE

TELEFAX

To :	All Formula One Team Principals
From :	Max Mosley President FIA

Date :	13 April 2004	Pages :	1
---------------	---------------	----------------	---

As you know, Clause 8.10 of the Concorde Agreement obliges the FIA to announce the technical regulations for the 2008 Formula One World Championship no later than 31 December 2005.

We are now in the process of formulating these regulations and would like to consult the teams which are currently competing.

We should also like to discuss some ideas for the sporting regulations for the 2008 Championship. Although these are not urgent, they will help put the discussion on technical regulations in context.

You are therefore invited to a meeting:

Date	Tuesday 4 May
Time	09.30
Place	Automobile Club de Monaco, 23 boulevard Albert 1 ^{er}

You are welcome to bring an engine specialist and your technical director if you so wish.

Please let us know as soon as possible if you intend to come and, if so, whether you will bring anyone with you.

Yours sincerely

Max Mosley
