

AAA Club Visit – RACQ Brisbane

RACQ headquarters are located a short distance from the bustling Brisbane CBD. The Club represents over 1.2 million members in Queensland, offering a suite of products and services from roadside assistance, insurance, travel, finance and of course a diverse range of member benefits.

Conference week delegates are invited to spend a day with the RACQ executive team where topics such as the membership trends and future projects will be discussed. The program will also include RACQ's Fleet Operations and Vehicle inspection. Delegates can interact with the Mobile Membership centre, literally a "branch on wheels" regularly deployed to reach outback Queenslanders in times of emergency. The day will conclude with a discussion on the strategic initiatives for RACQ and their members.

To register your interest and receive the day's agenda, please contact the Region II Coordinator - alison.wallace@aaa.asn.au
