

FIA ANTI-DOPING CAMPAIGN

FIA Race True  
e-learning programme

ASNs' participation

## What is the FIA Race True e-learning programme?

The FIA Race True e-learning programme, launched in May 2012, comprises an online anti-doping course, a quiz and a diploma.

Less than one hour is needed to complete the programme, which teaches, in an entertaining way, everything a driver **MUST** know about anti-doping.

It is available in English, French, Spanish, German, Russian, Portuguese, and soon in Arabic.

Its main target are the drivers (from local to international level) but it is also open to anyone who wishes to know more about anti-doping in motor sport.

The programme will be updated and refreshed yearly, given that the licence-holders should be taking it every year.

## Why did the FIA develop this programme?

- ➔ To avoid positive doping tests through **ignorance**.
- ➔ To render anti-doping rules, which are long and complicated, more **accessible**.
- ➔ For **safety** reasons: by using substances that can alter judgement and reactions, a driver can endanger not only his or her own life but also the lives of others.
- ➔ To provide a tool that will help the **ASNs** to accomplish their doping prevention **duty**.

## 26 ASNs are already participating

Argentina, Australia, Austria, Bahrain, Belgium, Brazil, Canada, China, France, Germany, Great Britain, Greece, India, Ireland, Italy, Japan, Malta, Mexico, Monaco, Netherlands, Portugal, Singapore, South Africa, Spain, Turkey and the United Arab Emirates.

## Why should your ASN also participate?

It is you who enjoys direct contact with your licence-holders, which means that it is you who is in a key position to inform them.

## What are the benefits for your ASN?

- ➔ This service is provided by the FIA free of charge.
- ➔ You will have access to statistics at your national level.
- ➔ Your logo will appear together with the FIA Race True logo, on each page of the programme, once your licence-holders and the citizens of your country have been connected.

## What do we expect from your participation?

- ➔ The inclusion on the homepage of your website of the following "red button", with which you will be provided (in the appropriate language):

- ➔ Your active promotion of the programme among your drivers, with the help of the tools with which you will be provided (see the other leaflet on "Promotion").
- ➔ Ideally, to make this programme mandatory for all your licence-holders.

**Important:** The programme can be translated into your national language for a reasonable price.
