2014 Canadian Grand Prix

Note to the media

Following the accident between Sergio Perez and Felipe Massa on the final lap of the Canadian Grand Prix, it has been confirmed that both of the drivers extricated themselves from their cars and were immediately transferred to the medical centre for preliminary checks. The results of these checks were entirely positive.

However as a purely precautionary measure they were both transferred to Sacre Coeur hospital for further examination. Both of them have been discharged.

A handwritten signature in grey ink, appearing to read 'M. Bonciani', is positioned below the text. The signature is fluid and cursive.
