Technical Delegate's Report

After the race of the Miami GP, car number 31 was randomly chosen among the top ten cars for more extensive physical inspections.

Subject to these physical inspections were the front and rear corner components such as front and rear drums, front and rear scoops, front and rear internal cooling ducts, front and rear drum deflectors, front and rear suspension uprights, front and rear brake calipers and front and rear brake discs.

All inspected components were found to be in conformance with the 2024 Formula One Technical Regulations.
