Full description of the request

Request(s):

We request that for the first two rounds cars can run either the doors viewed during the FIA inspection (which are modified as homologated on the Chevrolet Cruze 1.6T (TC2) car) or doors modified as requested and put forward in the revised homologation paperwork for the TC1 car.

By the third round in Hungary all cars will revert to the correct specification of door as submitted in the revised homologation paperwork.

Reason(s):

Due to the time scales involved before the first round and the fact there is now only 1 week to the second event due to the calendar revision we can not procure and modify enough doors to cover these events with spares. The door modification on the 1.6T TC2 car has been run since 2009.

Missions concerned (to be completed by the Committee)

- ☒ 1) examination of any request for a technical change concerning the homologation form of a vehicle,
- ☐ 2) conformity with the spirit of the FIA Super 2000 Regulations,
- ☐ 3) prohibition of any developments that would result in a significant increase in the costs of cars,
- ☐ 4) examination of any request from competitor wishing to take part in an FIA event with a car complying with national regulations,
- ☐ 5) to review at the end of each season the relative performance of the various different formats of vehicles and any other parameters, with the objective of maintaining equal opportunity for all competitors. Any recommendations for the following season will be proposed beforehand to the Touring car Commission for approval,
- ☐ 6) at any moment during the season, to reconsider the technical dispensations granted for performance reasons.
