

2016 AUSTRALIAN GRAND PRIX

From	The FIA Formula One Technical Delegate	Document	30
To	The FIA Stewards of the Meeting	Date	20 March 2016
		Time	13:15

After the qualifying practice session yesterday the gearbox of car number 77, driver Valtteri Bottas, was replaced for a new one.

The gearbox has been replaced with the approval of the FIA technical delegate following a written request from the team concerned, this being in accordance with Article 34.2 of the 2016 Formula One Sporting Regulations.

This gearbox change was before the six consecutive Events expired. Therefore this is not in compliance with Article 23.6a of the 2016 Formula One Sporting Regulations and I am referring this matter to the stewards for their consideration.
