Adidas underwear incorrect labelling

We would like to inform you that, due to a production error, some of the ADIDAS underwear and balaclavas listed in the technical list as FYSHE Ltd (Brand name: Adidas), produced in 2017 and listed below have been issued with incorrect labelling.

Indeed, certain items do not comply with the FIA labelling requirements applicable since 01.01.2016. All underwear and balaclavas produced **after 01.01.2016** shall include the **FIA homologation label** and **FIA hologram** as provided in Figure 1, placed on the bottom part of the top underwear, the waist of the pants and the front bottom part of the balaclava.

However, due to a production error, the ADIDAS products listed in Table 1 were produced with the following incorrect labelling in Figure 2:

(year of manufacturer missing)

In addition, the labels on the top underwear were incorrectly placed close to the neck of the top.

The FIA has decided, on an exceptional basis, and provided that this incorrect labelling does not affect the performance of the products, to authorise the sole products identified in Table 1 to be used when compliance with FIA Safety Regulations is required.

If the FIA hologram does not correspond to the information provided in Table I, then the product must not be accepted and you are kindly requested to inform the FIA accordingly.

FIA hologram serial numbers included in the following ranges			
Between	AR695001	and	AR696000
Between	AR696001	and	AR697000
Between	AR697001	and	AR698000
Between	AR698021	and	AR698270
Between	AR698271	and	AR698470
Between	AR640001	and	AR641000
Between	AR641001	and	AR642000

Please be so kind as to take all the necessary measures to ensure that this decision is adhered to within your sphere of competence.

We remain at your disposal for any further information you may require.

Kind regards,
