Subject : Update of Appendix L – Chapter III “Drivers’ Equipment” - Art. 1 “Helmets”

Dear Sir or Madam,

We hereby inform you that the FIA has updated Article 1.4 “Helmets – Modifications” of Chapter III of Appendix L to the International Sporting Code, which can be found on the FIA website at the following link: <https://www.fia.com/regulation/category/123>.

The objective of the update is to clarify that helmets can not be modified from their original specification, except if the modification is compliant with the instruction defined by the helmet manufacturer. In addition, it is clarified that any accessory (helmet cameras, visors...) must be genuine, approved by the FIA and fitted according to the helmet manufacturer’s instruction.

We remain at your disposal for any further information you may require.

Yours faithfully,

Yvan DEVIGNE.
