Technical Delegate's Report

The following parameters have been changed during the Parc Fermé yesterday and today by the Renault Sport Formula 1 Team for different parameters:

Car 20: Brake balance map parameters

The parameters have been changed with the approval of the FIA technical delegate following a written request from the team concerned, this being in accordance with Article 34.2 of the 2016 Formula One Sporting Regulations.

But the above parameters are different from the ones originally used and this is not in compliance with Article 34.6 of the 2016 Formula One Sporting Regulations. Therefore I am referring this matter to the stewards for their consideration.

Jo Bauer

The FIA Formula One Technical Delegate
