Technical Delegate's Report

The following part has been replaced during the Parc Fermé yesterday and today by the Sauber F1 Team:

Car 09: Survival cell

The survival cell has been replaced with the approval of the FIA technical delegate following a written request from the team concerned, this being in accordance with Article 34.2 of the 2016 Formula One Sporting Regulations.

As the survival cell of car number 09 has been changed after the end of the qualifying session, this car should now be required to start from the pit lane according to Article 23.2 of the 2016 Formula One Sporting Regulations.

I am referring this matter to the stewards for their consideration.

Today car number 09, Sauber F1 Team, underwent preliminary scrutineering.

The car was found to be in conformity with the safety requirements of the 2016 FIA Formula One Technical Regulations.

Jo Bauer

The FIA Formula One Technical Delegate
