

2016 CHINESE GRAND PRIX

From	The FIA Stewards of the Meeting	Document	6
To	All Teams, All Officials	Date	14 April 2016
		Time	18:32

Since the accident at the Australian Grand Prix, McLaren Honda Formula 1 Team driver Fernando Alonso has been undergoing the process of "Reintegration" in accordance with Chapter II of Appendix L of the International Sporting Code. McLaren Honda have applied for Alonso to participate in the 2016 Chinese Grand Prix.

As the injury to the driver was discovered some days after the Australian Grand Prix, the Reintegration does not strictly fall within the text of the Appendix. Therefore, the Stewards have taken advice from the FIA Medical Delegate, who in consultation with the Chief Medical Officer (CMO) of the Chinese Grand Prix and the driver's doctors advise that he considers the driver provisionally fit to take part in the event. Given the exceptional circumstances, and having heard from the team, the Stewards have decided to exempt the driver from strict compliance with Art. 3(b) of Chapter II of Appendix L, relying instead on Art. 3(a) which has been satisfied.

Therefore driver Fernando Alonso will be allowed to participate, subject to the provision below.

The driver has been given directions by the FIA Medical Delegate and CMO which he is to follow (Art. 12.1.1.i of the International Sporting Code.) Further, in accordance with Art. 22.14 of the Formula One Sporting Regulations, he is instructed by the FIA Medical Delegate and CMO to undergo a further examination immediately following FP1 to determine his further eligibility to take part in the remainder of the Event.
