A request has been received from Sahara Force India F1 Team for the Stewards to exercise a discretion in relation to the Technical Delegate's report (document 7) and to regard the conduct of one of its engineers to not be in breach of Article 21.7 of the FIA Formula One Sporting Regulations. The circumstances were that the engineer entered the paddock at 08:30, one hour before the expiry of the restricted period. Although he did not do any work whilst in the paddock the Stewards find his actions breached the article.

The Stewards decline to exercise any authority to providing any dispensation.

In declining to remove any penalty the Stewards took into account the differing circumstances in previous instances.
