## ABOUT CIRCUIT OF THE AMERICAS

Circuit of The Americas is THE premier destination for world-class motorsports and entertainment in the United States. Set on 1,500 acres in the rolling hills just outside downtown Austin, Circuit of The Americas has hosted the biggest names in racing, action sports and music since 2012. At its heart is a 3.41-mile racetrack that was designed to challenge the world's most exacting competitors while providing a thrilling spectacle for audiences. The facility is truly a multi-purpose venue for racing, sports, big events, and unparalleled fun.

The 20-turn, counter clockwise circuit takes advantage of the naturally undulating landscape, including an intimidating 133-foot hill at Turn 1 that must be seen in person to be believed. It is home to the only Formula 1 and MotoGP races in the country — the UNITED STATES GRAND PRIX and Red Bull Grand Prix of The Americas — current host to the INDYCAR Classic, and have previously hosted ESPN's X Games, the FIA World Endurance Championship, IMSA WeatherTech SportsCar Championship, Pirelli World Challenge and more.

Nestled within the track is Austin360 Amphitheater, the largest permanent outdoor Amphitheater in Central Texas for seating capacity of 14,000 people, and its 251-foot signature observation tower. This unique treasure in the Live Music Capital of the World has hosted some of the biggest names in music and entertainment, including Texas icon Willie Nelson, Jimmy Buffett, KISS, Nine Inch Nails, Kanye West, Kenny Chesney, Drake, Maroon 5, Muse, Kelly Clarkson and dozens more. The Superstage Concert Lawn takes it to a whole new level and holds a capacity of 83,000, and has hosted superstars such as Taylor Swift, Metallica, Bruno Mars, Elton John, Justin Timberlake, and many more. The Circuit also boasts a 6,000-seat USL Championship soccer and multi-purpose stadium, a one-mile high-speed karting track, a 12-story starting grid view zip line ride and provides on-site Premium ReV Line RV park with 78 spaces and year-round operations.

Construction of Circuit of The Americas began in 2010 and was funded entirely using private money. Today, COTA has generated in excess of \$5 billion of economic impact to Central Texas through increased tourism and annual operations.

The Circuit also continues to be a leader in environmental awareness and sustainability and has helped make advances in educational and scientific fields, including solar car technology, as well as racing and consumer automotive technology.

With plans for more world championship racing, new amenities, features and more events, COTA continues to set the stage for excitement for many years to come. For an experience as unique as Austin and a rush you'll never forget, come to Circuit of The Americas — where exhilaration happens.

| Circuit length | 3.340 km | Number of laps | 78         |

Monaco remains one of the most prestigious auto races in the world, long recognized for its entertainment and celebrity presence. Motorsports most famous street circuit takes six weeks to build up and organize, offering drivers with the challenge of negotiating numerous elevation shifts and very tight corners, including one of the slowest corners in F1 racing as well as one of the fastest. Due to its unique configuration, change in speeds and lack of straights, keeping the engine cool is a point of focus for the teams, as Formula 1 cars depend on air moving over the car to remove heat and don't use formal cooling technology.

## 2019 FORMULA 1 CANADIAN GRAND PRIX

### MONTREAL

|                |          |                |            |
|----------------|----------|----------------|------------|
| Date           | 9 June   | Race distance  | 305.270 km |
| Circuit length | 4.361 km | Number of laps | 70         |

The circuit, on Ile Notre Dame, a man-made island on the St. Lawrence River, was renamed for Canadian Formula 1 driver Gilles Villeneuve, following his death in 1982. 2006 saw the last occasion when US-based Champ Car and F1 ran on the same track. Formula 1's performance proved significantly better with a 5-to-7 second advantage both in terms of qualifying and recording of fastest lap times during the respective races. The Canadian Grand Prix continues to be tremendously popular with both teams and drivers, owing to its festive atmosphere.

## 2019 FORMULA 1 FRENCH GRAND PRIX

### PAUL RICARD

|                |          |                |           |
|----------------|----------|----------------|-----------|
| Date           | 23 June  | Race distance  | 309.69 km |
| Circuit length | 5.482 km | Number of laps | 53        |

The Circuit Paul Ricard's even distribution of high-, medium- and low-speed corners is a key reason why it's one of the most used test circuits in the world (the typically good weather is another). F1 drivers love the 290km/h right-hander at Signes and the 5g joyride of the following Beausset bend, while the circuit's 2018 return to the F1 calendar showed that the French Grand Prix track is a bit of an overtaking gem.

## 2019 FORMULA 1 AUSTRIAN GRAND PRIX

### SPIELBERG

| Date           | 30 June  | Race distance  | 307.020 km |
| Circuit length | 4.326 km | Number of laps | 71         |

2014 saw a triumphant return for the Austrian Grand Prix at the Red Bull Ring in the town of Spielberg, which previously hosted the Austrian Grand Prix in 2003, when the circuit was known as the A1-Ring. The fearsome, original Österreichring was originated in 1969 as a replacement for the Zeltweg airfield circuit. The track known today as the Red Bull Ring was more or less created over the winter of 1995-6, when Hermann Tilke was engaged to turn the Österreichring into a shorter, more modern racetrack. The first turn at the track has been named the 'Niki Lauda Kurve' to commemorate the late F1 World Champion.

# 2019 FORMULA 1 GERMAN GRAND PRIX

## HOCKENHEIM

|                       |          |                       |            |
|-----------------------|----------|-----------------------|------------|
| <b>Date</b>           | 28 July  | <b>Race distance</b>  | 306.458 km |
| <b>Circuit length</b> | 4.574 km | <b>Number of laps</b> | 67         |

Hockenheim dates all the way back to 1932, when it was created by Mercedes as a test track for their cars, in particular to fettle them for the Tripoli Grand Prix. The original track was an enormous 12km triangular affair – in fact it was called the 'Dreieckskurs', or 'Triangle Track' – that speared off to the outskirts of nearby Otfersheim before looping back via the current B291.

Located in Sao Paulo, Interlagos includes the Autodromo Jose Carlos Pace racetrack, home to the Brazilian Grand Prix. The Interlagos circuit has played host to some of the most exciting and memorable races in recent Formula 1 history, including Lewis Hamilton winning the World Championship on the last lap of the 2008 race. Regarded as one of the most challenging circuits in Grand prix racing, Alain Prost still holds the record with six victories in Brazil.

## 2019 FORMULA 1 ABU DHABI GRAND PRIX

### YAS MARINA

|                |            |                |            |

| Date           | 1 December | Race distance  | 305.355 km |
| Circuit length | 5.554 km   | Number of laps | 55         |

The Hermann Tilke designed track is dominated by its 1.2km straight between Turns 7 and 8 – which, with slow-speed corners marking its beginning and end, makes it a honeypot for overtaking moves. Other highlights include the tricky run through Turns 15 and 16 into 17, which forces the drivers to brake hard with bags of lateral load still on the car.
