Technical Delegate's Report

The gearbox of car number 77, driver Valtteri Bottas, was replaced for a new one.

The gearbox has been replaced with the approval of the FIA technical delegate following a written request from the team concerned (requested on 25th October 2015, at 11:32 hours), this being in accordance with Article 34.2 of the 2015 Formula One Sporting Regulations.

The gearbox change was before the six consecutive Events expired. Therefore this is not in compliance with Article 28.6a of the 2015 Formula One Sporting Regulations and I am referring this matter to the stewards for their consideration.
