% assessing as high priority

Group 3

% assessing as high priority

Working sessions

- **Divide into groups of ASNs with similar characteristics and needs**
- **Review information pack containing preliminary analysis of global ASN survey**
- **Identify and discuss shared issues for the group**
- **Prioritise the main issues requiring support**
- **Identify the barriers and enablers to making this change happen**
- **Share the group's actions with all the ASNs in full forum**
