Technical Delegate's Report

The following part has been replaced during the Parc Fermé yesterday and today by the Alfa Romeo Racing ORLEN team for a part with a different specification:

Car 07: Rear wing assembly (different specification)

The part has been replaced with the approval of the FIA technical delegate following a written request from the team concerned, this being in accordance with Article 34.2 of the 2021 Formula One Sporting Regulations.

But as the above part is different from the one originally used and also changes have been made to the set-up of the suspension (with the approval of the FIA technical delegate following a written request), car number 07 should now be required to start from the pit lane according to Article 34.8b of the 2021 Formula One Sporting Regulations.
