Note to Teams

Fuel Primer Pump Inspection after Qualifying

Cars finishing P1 – P10

For this Event only and in contradiction to the requirements of Article 40.6 of the FIA Formula One Sporting Regulations, you will be allowed to delay the covering of your cars one hour later than required in order to inspect the SSC fuel primer pump.

To allow this inspection, you are required to submit a Parc Fermé request in the normal way. During this hour (120 to 180 minutes after the end of Qualifying) this is the only permitted work which may be carried out on the cars.
