Last night a seal was broken on the gearbox of car number 20, driver Kevin Magnussen, in order to inspect change gear ratio pairs and associated dog rings for physical damage, and, as a consequence of this inspection, to replace the 2\textsuperscript{nd} and 4\textsuperscript{th} change gear ratio pair and the 2\textsuperscript{nd}/4\textsuperscript{th} gear dog ring for new ones of identical specification.

This was done in accordance with Article 29.3 a) iii) of the 2022 Formula One Sporting Regulations.
