Technical Delegate's Report

After the race of the Japanese GP the Aston Martin Aramco Cognizant Formula One Team was randomly chosen among the ten teams for more extensive physical inspections.

Subject to these physical inspections was the pit stop system (wheel guns, front and rear jacks, pneumatic system, traffic light, control hardware and software, sensors and looms).

All inspected components were found to be in compliance with the 2022 Formula One Technical Regulations and TD022 C.

Jo Bauer

The FIA Formula One Technical Delegate
