YAS MARINA EVENT

18 TO 20 NOVEMBER 2022

From	The FIA Formula 2 Race Director	Document	05
To	FIA Formula 2 Teams and Officials / The Stewards	Date	17 November 2022
		Time	14.20

Event Notes

General Instructions.

1. Matters arising from the Monza event.

2. Pit lane map

- 2.1. Safety Car lines.
- 2.2. The location of the pit entry and the pit exit.
- 2.3. Designated garage areas.
- 2.4. Safety Car position for first lap and rest of race.
- 2.5. Blue flag marshal at the pit exit.
- 2.6. Track light panels displaying pit entry status.

3. Pirelli Event Preview.

- 3.1. With reference to Article 12.8 of the Technical Regulations see the attached document provided by the official tyre supplier.

4. Transfer Procedure from support pit lane to F1 pit lane.

- 4.1. For the transfer procedures from the support paddock to the F1 pitlane, prior to all sessions and races, only the set of installation tyres detailed in Article 24.1 of the Sporting Regulations, may be used.
- 4.2. A detailed description and further information of this procedure (pit Lane order and timing) are described in the attached document – F2 Event Procedures.

5. Track light panels.

- 5.1. The FIA track light panels have been installed in the positions shown on the circuit map. In accordance with Appendix H to the ISC the light signals have the same meaning as flag signals.

6. Start Lights

- 6.1. When the red start lights are illuminated all cars shall immediately reduce speed and proceed slowly back to the pit lane.

7. Drivers leaving their pit stop position in the pit lane.

- 7.1. For safety reasons, during practice and qualifying drivers must not do burn outs from their pit stop position, for the avoidance of doubt this also applies when the pit exit is open for reconnaissance laps.
- 7.2. It is not permitted to do burn outs or clutch bite points checks in the paddock, support pit lane, garage areas and in the pit lane at any time during the Event.
- 7.3. For reasons of safety, any driver released from their pit stop position must move to the fast lane as quickly as possible, drivers must not drive side by side with another car.
- 7.4. For reasons of safety and sporting equity, drivers must not drive through other team's pit bay after being released from their pit stop position.

8. Fuel pressure release in parc fermé.

- 8.1. For safety reasons, teams are authorised to appoint one person specifically in order to release the pressure inside the fuel cell when the cars return after each session. In addition, teams are authorised to attach fans to the car in the parc fermé.
- 8.2. When the cars are in the parc fermé, this person must request prior authorisation from the FIA Technical Delegate on site and is only authorized to perform the action specified above.
- 8.3. This person will not count as far as Article 21.5 of the 2022 FIA F2 Sporting Regulations is concerned (team personnel limitation).

9. Observing yellow flags during free practice and qualifying.

- 9.1. Double waved: Any driver passing through a double waved yellow marshalling sector must reduce speed significantly and be prepared to change direction or stop. In order for the stewards to be satisfied that any such driver has complied with these requirements it must be clear that he has not attempted to set a meaningful lap time, for practical purposes this means any driver in a double yellow sector, will have that lap time deleted.
- 9.2. Single waved: Drivers should reduce their speed and be prepared to change direction. It must be clear that a driver has reduced speed and, in order for this to be clear, a driver would be expected to have braked earlier and/or discernibly reduced speed in the relevant marshalling sector.
- 9.3. Drivers should not overtake any car in a single waved yellow marshalling sector unless it is clear that a car is slowing with a completely obvious problem, e.g. obvious accident damage or a deflated tyre.

10. Lapping during the race.

- 10.1. The ISC requires drivers who are caught by another car about to lap him to allow the faster driver past at the first available opportunity. The F1 Marshalling System has been developed in order to ensure that the point at which a driver is shown blue flags is consistent, rather than trusting the ability of marshals to identify situations that require blue flags.
- 10.2. As it was at the end of last season the system will be set to give a pre-warning when the faster car is within 3.0s of the car about to be lapped, this should be used by the team of the slower car to warn their driver he is soon going to be lapped and that allowing the faster car through should be considered a priority. When the faster car is within 1.2s of the car about to be lapped blue flags will be shown to the slower car (in addition to blue light panels, blue cockpit lights and a message on the timing monitors) and the driver must allow the following driver to overtake at the first available opportunity.
- 10.3. It should be noted that the aim of using F1MS is ensure consistent application of the rules, additional instructions may also be given by race control when necessary.

11. Safety Car Procedure

- 11.1. Art. 40.13 (...) In order to avoid the likelihood of accidents before the safety car returns to the pits, from the point at which the lights on the car are turned out drivers must proceed at a pace which involves no erratic acceleration or braking nor any manoeuvre which is likely to endanger other drivers or impede the restart.(...)

12. Teams Guests

- 12.1. Teams are reminded that guests are included in the category of participants as defined in Article 20 of the International Sporting Code. At the same time, Article 9.15 from the International Sporting Code states that the competitor is responsible for all acts or omissions on the part of any person to whom the competitor has allowed access to the reserved area. The pit lane and the grid are reserved areas.

Event Specific Instructions

13. Track light panel displaying pit entry status.

- 13.1. Light panels 19 and 20 indicated on the pit lane map will display a flashing yellow arrow if cars are required to use the pit lane once the Safety Car has been deployed during the race.
- 13.2. Light panels 19 and 20 indicated on the pit lane map will display a flashing red cross if the pit lane is closed at any point during the race.

14. Changes to the circuit.

- 14.1. Between Turn 4 and Turn 5 new debris fence in front of YAS Central Pit Lane.
- 14.2. At Turn 15 on LHS new debris fence.
- 14.3. At Turn 7 / Turn 16 Island, new debris fence.

15. Pit Lane

- 15.1. The pit lane speed limit is 60 km/h for the entire event.

16. Pit lane Barriers.

- 16.1. F1 Teams have been instructed to ensure their barriers are no more than three meters from the garages.
- 16.2. F2 Teams and Trolleys will be released into the pit lane no earlier than 20 minutes prior to the pit lane opening.

17. Mandatory Pit Stop

- 17.1. The mandatory pit stop may not be carried out until the driver has completed lap 6 on track.
- 17.2. For the avoidance of doubt the sixth lap must be completed by crossing the Control Line on track (driving across the starting grid).
- 17.3. In case of the Safety Car being deployed through the pit lane and entering the pit lane on lap 6, mandatory pit stops will only be considered valid if a car enters pit lane on the following lap.

18. DRS

DRS Detection will be automatically disabled in each individual zone if any of the light panels in that particular zone are displaying yellow. The zones and corresponding light panels are as follows:

- a) DRS Activation 1: Panels 7, 8, 9
- b) DRS Activation 2: Panels 10, 11, 12

19. Practice starts.

- 19.1. Practice starts may only be carried out on the F1 grid at the end of the practice session, none may be carried out in the pit exit or any other part of the track. ALL cars having crossed the finish line at the end of the practice session must complete the lap to either the F1 pit lane or the F1 grid. Drivers on the F1 grid can carry out a practice start, and then continue to turn 8 where they must leave the track to go into the support pit lane.
- 19.2. All drivers carrying out a practice start must do so by pulling as far forward on the grid as possible and, if necessary, drivers should wait for others to carry out a start before getting to a grid position further forward. Under no circumstances should a driver make a practice start if another car is still stationary in front of him on the same side of the grid.
- 19.3. If any driver appears to be disregarding any of the above, a Red Flag will be displayed and the possibility to carry out any further practice starts will be terminated for all cars.
- 19.4. Any cars in the pit lane after the practice session has finished will not be released from pit exit until cars on track have carried out their practice starts. Car released from the pit exit must continue to turn 8 and leave the track to go into the support pit lane.

20. Lines or bollards at the Pit Entry and Pit Exit.

- 20.1. In accordance with Chapter 4, Article 4 and 5 of Appendix L to the ISC drivers must follow the procedures at pit entry and pit exit.

- 20.2. For safety reasons, drivers must keep to the right of the solid white line at the pit entry when they are entering the pits.

21. Track Limits.

- 21.1. In accordance with the provisions of Article 27.3, the white lines define the track edges. During Free Practice, Qualifying and the Races, each time a driver fails to negotiate with the track limits, this will result in that lap time being invalidated by the Stewards.
- 21.2. The dotted white line across the support category pit exit is the track edge line.

- 21.3. A lap time achieved during qualifying or the race by leaving the track on the exit of Turn 16, will result in that lap time and the immediately following lap time being invalidated by the Stewards.

22. Fire extinguishers around the circuit.

- 22.1. Indicated by white boards with a red fire extinguisher image attached to the debris fences and barriers.

23. Places to remove cars from the track.

- 23.1. Indicated by 2m long fluorescent orange panels on the barriers.
- 23.2. Should a car stop on the track during a session, it is recommended that the driver keeps all their protective clothing (Helmet, Gloves, etc) on until they have returned to their garage

24. Removing cars from the grid.

24.1. Through the gate in the pit wall adjacent to grid position 7 and 17.

25. Car number light panels for the start

25.1. On the right-hand side of the grid.

26. Suspending a Race.

26.1. In case of a race suspension, cars will be stopped in the fast lane of the pits in front of the pit exit lights.

27. General – End of session/races

27.1. The three podium cars should stay in front of the field and enter the F1 pitlane. They will be under parc fermé conditions and be towed back to the support pit lane.

28. Any other business.

A handwritten signature in black ink, appearing to read 'Rui Marques', enclosed in a light grey rectangular border.

Rui Marques

Race Director

FIA Formula 2 Championship

Paddock Departure and Return – Trolley and Race Cars

Team trolleys: Teams have been placed in the correct order for entry into the F1 pit lane, so please keep to this order for each transfer:

1. Campos Racing	7. Prema Racing
2. MP Motorsport	8. VAR
3. ART Grand Prix	9. Charouz Racing System
4. Hitech Grand Prix	10. Trident
5. Carlin	11. DAMS
6. Virtuosi	

Trolleys will line up in the support pitlane (please ensure to keep the fast lane clear) and when released, the trolleys will go via the support pit entry across the track to bear right towards the F1 pit entry, following the attached route plan. Team personnel on foot should also follow this route.

Teams should turn their trolleys around in the F1 pit lane, ready to exit through the same route as they arrived at the end of each session.

Race Cars will leave via the support pit exit in the above team orders and go on track to the F1 pit lane.

A shuttle service will be provided for F2 mechanics with starter motors to transfer them to the F1 pit lane as soon as all cars have departed the support pit lane.

Return to Support Paddock

Teams exit through the same route as they arrived.

Race Cars:

At the end of the **practice session** after taking the chequered flag, **ALL** drivers must complete the lap to either the F1 pit lane or the F1 grid. Drivers on the F1 grid can carry out a practice start, following the practice start, cars should continue to turn 8 where they must leave the track to go into the support pit lane. Any cars in the F1 pit lane will be directed onto the circuit to return to the support pit lane after the last car has left the F1 grid.

At the end of the **qualifying session** after taking the chequered flag, cars will slow down and continue to turn 8 where they must leave the track into the support pit lane and go directly to parc fermé, any cars in the F1 pit lane at the time of the chequered flag will be directed onto the circuit at the pit exit to return to parc fermé.

At the end of both races after taking the chequered flag, the podium cars should complete the lap to the F1 grid for the podium presentation. All other cars should progressively slow down and continue to turn 8 where they must leave the track into the support pit lane and go directly to parc fermé. The three podium cars should stay in front of the field and stop on the F1 grid. They will be under parc fermé conditions and be towed back to parc fermé with a team member assisting in steering the car.

All cars in the F1 pit lane at the end of each session will be allowed on track and continue to turn 8 where they must leave the track into the support pit lane and go directly to parc fermé.

Yas Marina - EVENT

17 TO 20 November 2022

Local marshals will be in control of trolley and race car movements so please follow their instructions. The timings below are approximate and for guidance only:

Pit Lane Procedure Times

Friday – Practice (11.35 – 12.20)

Trolleys loaded and ready to depart.	11.00
Trolleys released to F1 Pit Lane.	approx. 11.10
Race cars released to F1 Pit Lane.	approx. 11.25

Friday – Qualifying (15.30 – 16.00)

Trolleys loaded and ready to depart.	14.55
Trolleys released to F1 pits.	approx. 15.05
Race cars released to F1 pits.	approx. 15.20

Saturday – Sprint Race (pit lane open 16.05)

Trolleys loaded and ready to depart.	15.30
Trolleys released to F1 pits.	approx. 15.40
Race cars released to F1 pits.	approx. 15.55

Sunday – Feature Race (pit lane open 13.00)

Trolleys loaded and ready to depart.	12.25
Trolleys released to F1 pits	approx. 12.35
Race cars released to F1 pits	approx. 12.50

YAS MARINA EVENT

17 TO 20 NOVEMBER 2022

Race Directors Communication

Following various discussions regarding the Pit Stop Regulations for the 2022 FIA Formula 2 Championship, we hereby provide the clarification below:

Stacking of tyres on top of each other in the pitlane

Tyres may be stacked flat on top of each other in the pitlane. Skateboards or similar devices are not considered to be tyre trolleys and are therefore forbidden.

To avoid damage to the valves, it is forbidden to stack tyres as shown below:

YAS MARINA EVENT

17 TO 20 NOVEMBER 2022

During each Pit Stop in Sprint Race and Feature Race, the following restrictions will apply:

1. Tyre handling during consecutive pit stops in short time for two cars

It is permitted to have both sets of tyres prepared in close proximity to the pit stop position. To cater for limited space in the pitlane, two tyres may be stacked flat on top of each other, only before the first pit stop.

2. Stands for tyres during Pit Stop

It is not permitted to use stands or similar devices for tyres during a Pit Stop. Tyres must lay flat on the ground at all times (unless a second tyre is stacked flat on top, as defined above).

3. Tyres coming off the car during Pit Stop

Tyres coming off the car during Pit Stops **must be placed flat on the ground**. Tyres rocking on their position are still considered in line with the above requirements provided they are always in a stable condition and do not change their position.

4. Lifting jacks handling during a Pit Stop

The lifting jacks need to be secured at all times during a Pit Stop. A lifting jack can be taken over from one mechanic to another during a Pit Stop if it remains secured at all times.

5. General safety

For safety reasons, mechanics running around the car or jumping over the car will be reported to the Stewards.

Rui Marques
Race Director
FIA Formula 2 Championship

ABU DHABI EVENT

17TH TO 20TH NOVEMBER 2022

TYRE SCHEDULE

(ART. 24.6. 2022 FORMULA 2 CHAMPIONSHIP SPORTING REGULATIONS)

- The Formula 2 tyre parc fermé is situated next to the Pirelli Service Area
- No wet tyres will be allowed in the tyre parc fermé
- Wet tyres remain in possession of teams
- All tyres in the possession of teams must be visible to the Scrutineers at all times during the event
- The tyre pressure and temperature master gauge is available at the FIA weigh platform area

Thursday 17th November

13:30 All teams tyres will be released from the FIA Formula 2 tyre parc fermé

17:30 All dry tyres must be deposited in the FIA Formula 2 tyre parc fermé

Friday 18th November

09:05 All teams tyres will be released from the FIA Formula 2 tyre parc fermé

2 h after end of car Parc fermé

All dry NEW and all USED tyres must be deposited in the FIA Formula 2 tyre parc fermé

Saturday 19th November

13:35 All teams tyres will be released from the FIA Formula 2 tyre parc fermé

2 h after end of car Parc fermé

All dry NEW and all USED tyres must be deposited in the FIA Formula 2 tyre parc fermé

Sunday 20th November

10:15 All teams tyres will be released from the FIA Formula 2 tyre parc fermé

A.S.A.P after end of car Parc fermé

All tyres must be returned to the Pirelli service area
