### Race Directors Communication

Following the discussion made during the Drivers' Briefing, we hereby provide the clarification below:

During free practice only, if a car stall doing a practice start and is not able to restart, the team should inform race control. The session may be neutralized, and marshals will be instructed to push the car back into the pitlane.

The team will be allowed to restart the car and the car may rejoin the free practice session.

Rui Marques  
Race Director  
FIA Formula 2 Championship
