Session Race 1

Fact During the Safety Car period the mini sector matrix for Car 28 (Garcia) showed 12 consecutive red sectors but the system did not apply a penalty.

Infringement Alleged breach of Article 40.7 of the FIA Formula 3 Sporting Regulations.

Decision No further action.

Reason The Stewards examined data evidence. The summoned and heard the driver and team representative (document 33).

During the race at the second safety car period the mini sector matrix showed 12 consecutive red sectors but the system did not apply a penalty. After the session the Stewards requested more information from EMM. At the time EMM was unable to explain the anomaly or to confirm if the matrix was accurate. The Stewards reviewed telemetry data from the GPS Circuit map and could not verify that Car 28 had changed position relative to the car in front nor behind indicated that he was likely not in breach as the none of the other cars showed a breach.

Having considered the matter extensively, the Stewards determined that there was insufficient evidence to conclude that the regulations had been breached and take no further action. However, the stewards took the opportunity to remind the driver and the team of the need to follow the procedures carefully to ensure safe driving in the safety car period.

Competitors are reminded that they have the right to appeal certain decisions of the Stewards, in accordance with Article 15 of the FIA International Sporting Code and Chapter 4 of the FIA Judicial and Disciplinary Rules, within the applicable time limits.

Decisions of the Stewards are taken independently of the FIA and are based solely on the relevant regulations, guidelines and evidence presented.
