		Time	15:01

Technical Delegate's Report

Before Race 1:

The floor extension height was checked on all cars.

The rear wing angle was checked on all cars.

Oil samples have been taken from cars **8** and **23**.

On the starting grid, all cars had mounted their wheels before the 3-minute signal was shown.

All cars had their tyre codes recorded.

The oil samples were checked for density and analyzed by gas chromatography.

The result of the oil analysis shows that the oil was the same as the one, which has been supplied by the official supplier at the event.

All the above items and car weights were found to be in conformity with the requirements of the 2023 Formula 2 Championship Regulations.
