Technical Delegate's Report

After the race of the Japanese GP ,car number 16 was randomly chosen among the top ten cars for more extensive physical inspections.

Subject to these physical inspections were the central floor flexibility, the rear wing mainplane flexibility, the rear wing flap flexibility, rear wing mainplane trailing edge flexibility, the rear wing endplate flexibility and the plank assembly including the skid thickness.

All inspected components were found to be in conformance with the 2024 Formula One Technical Regulations.
