The following drivers will start the tenth Event of the 2018 Formula One World Championship with a new gearbox:

Number	Car	Driver

The above drivers did not finish the last race in Spielberg and are in conformity with Article 23.5a of the 2018 Formula One Sporting Regulations.

The above driver had to replace his previous gearbox during the last Event for a spare gearbox and this was before the six consecutive Events expired. Therefore he may use a new gearbox at this Event and the six consecutive Events will start here in accordance with Article 23.5a of the 2018 Formula One Sporting Regulations.
