Technical Delegate's Report

The following part has been replaced during the Parc Fermé yesterday and today by the Williams Martini Racing team for a part with a different specification:

Williams Mercedes:

Car 18: Front wing / nose assembly

The front wing / nose assembly has been replaced with the approval of the FIA technical delegate following a written request from the team concerned, this being in accordance with Article 34.2 of the 2018 Formula One Sporting Regulations.

But as the front wing / nose assembly is different from the one originally used and also changes have been made to the set-up of the suspension, car number 18 should now be required to start from the pit lane according to Article 34.6 of the 2018 Formula One Sporting Regulations. I am referring this matter to the stewards for their consideration.

Jo Bauer

The FIA Formula One Technical Delegate
