Bulletin 3 - Fuel Cell Pressure Release in Parc Ferme

Given that an F3 car caught fire while unattended in the post-qualifying parc fermé for the second time this season, on safety grounds, the Stewards hereby give authorization to the F3 Teams to appoint one person specifically in order to release the pressure inside the fuel cell when the Cars arrive in Parc Fermé after a Race.

This person must request prior authorisation from the FIA Technical Delegate on site and is only authorized to perform the action specified above.

This person will not count as far as Article 21.5 of the 2020 FIA F3 Sporting Regulations is concerned (team personnel limitation).
