

2014 BAHRAIN GRAND PRIX

From	The FIA Formula One Race Director	Document	34
To	All Teams, All Officials	Date	06 April 2014
		Time	16:06

Note to Teams

Light Panels and DRS Disabling

Having carried out tests during P1 and P2 we can confirm that if yellow is displayed on panels 8, 9, 15 or 16 the detection point before the relevant DRS zone will be disabled.

If for any reason one of your cars is running detection in manual mode at such times, having received permission from race control to do so, you should instruct your driver not to use DRS in the relevant zone.

Charlie Whiting

The FIA Formula One Race Director
