Note to Teams

Light panels at the end of P2

Further to the discussion in the team managers meeting yesterday we have been able to re-configure two lights panels to show a chequered flag and a purple flag (the latter to be used to show oil spills etc). In order to give drivers the chance to see these, and hopefully provide us with their feedback, Panel 1 will show chequered and Panel 2 will show purple as soon as the first car takes the chequered flag at the end of P2.

Charlie Whiting
