FOREWORD

Welcome to The Formula 1 Gulf Air Bahrain Grand Prix in Malaysia.

With the blessing of His Majesty King Hamad bin Isa Al Khalifa, King of the Kingdom of Bahrain, and His Majesty Sultan Ibrahim ibni Almarhum Sultan Iskandar, Yang di-Pertuan Agong of Malaysia, and under the directives of His Royal Highness Prince Salman bin Hamad Al Khalifa, the Crown Prince and Prime Minister of Bahrain, it is a proud moment to bring Bahrain and Malaysia together under the umbrella of motorsport, celebrating our brothership, cultures and joint passion for the pinnacle of global racing.

This iconic venue has witnessed so many memorable moments in F1 and its return to the calendar for this special race in 2026 is something that we are honoured to deliver for fans from around the world.

Hosting an event of this nature and magnitude would not be possible without the collaboration of so many people from across the sport and beyond. We are hugely grateful to Formula 1 and the FIA for endorsing the race weekend in Sepang and the support they have provided since to enable us to put on an incredible weekend of racing and entertainment.

Throughout the course of our preparations for the race, we have worked hand-in-hand with our friends at Sepang International Circuit, who have been an incredible partner to work with. It is a testament to their efforts to be able to deliver a Formula 1 weekend in such a short space of time. I also take this opportunity to thank The Bahrain Motor Federation, The Motorsports Association of Malaysia and all the marshals and volunteers. Without your efforts, racing is not possible.

The team at Bahrain International Circuit have shown their characteristic passion and dedication in recent months as we have prepared for the race. Supported by the wider efforts across Government entities, Team Bahrain has come together to work tirelessly, driven by their great pride for The Kingdom of Bahrain.

Finally, to the fans. The sold-out stands across the venue are a testament to the global passion for Formula 1. We trust you will have a memorable weekend in Sepang, where you will be able to see so many elements of Bahrain culture and spirit that we have brought with us to the race weekend in Malaysia. Enjoy this historic occasion.

ARIF RAHIMI
CHAIRMAN, BAHRAIN INTERNATIONAL CIRCUIT

Promoter

FOREWORD

The Bahrain Motor Federation (BMF) is proud to be playing its central role in the organisation and delivery of the historic Formula 1 Gulf Air Bahrain Grand Prix in Malaysia 2026.

With the support of our partners and colleagues in Bahrain and Malaysia, this race represents our unwavering commitment to F1 and motorsport. At the heart of the delivery of this race weekend is our incredibly hard-working, dedicated, and talented team we have at BMF, along with our partners at Bahrain International Circuit, with the support of our counterparts from Motorsports Association of Malaysia (MAM) and Sepang International Circuit (SIC). I offer my sincerest thanks to them and all parties who have contributed to making this race weekend happen. I also take this opportunity to thank Formula 1 and the FIA for their unwavering support.

It is a matter of great pride that we have more than 500 of our world-renowned marshals in Malaysia, who will be trackside coordinating with our BMF teams and counterparts at MAM ensuring smooth race management. This yet again shows the capability of our team, representing Bahrain on the global stage in top-tier racing outside of the Kingdom. That global experience and expertise we have developed in more than 20 years of organising F1 has been the backbone supporting our efforts to be ready for the race weekend.

We are now very excited to see the fruits of our labour in the upcoming three days as we showcase the talent of Bahrain's motorsport family to the world in the setting of an iconic racing venue. SIC has produced many memorable races during its time hosting F1 and has always been known by drivers and fans alike as a venue which inevitably delivers a challenging and compelling race.

As part of the race weekend, we welcome Formula Trophy Malaysia as our support race. It will be a tremendous opportunity for South East Asia's best young talent to showcase their talents in an event in motorsport's top flight, and we look forward to seeing the stars of tomorrow make the most of this opportunity.

The racing promises to be sensational and we cannot wait to get going. It will be a memorable and special race weekend, and I wish you, all our fans, an enjoyable time at the Formula 1 Gulf Air Bahrain Grand Prix in Malaysia 2026.

SHAIKH ABDULLA BIN ISA AL KHALIFA
PRESIDENT, BAHRAIN MOTOR FEDERATION
VICE-PRESIDENT FOR SPORT (MENA), FEDERATION INTERNATIONALE DE L'AUTOMOBILE

1. GENERAL INFORMATION

SEPANG INTERNATIONAL CIRCUIT - SPECIFICATIONS

Circuit Overview and Specifications:

- Official Name: Sepang International Circuit (PSIC)
- Circuit Length: 5.543 km (3.444 miles)
- Track Width: 16 to 22 metres (designed wide to encourage overtaking lines)
- Direction: Clockwise
- Start line offset: 10 metres
- Number of Turns: 15 turns (10 right-handers, 5 left-handers)
- Straights: 8 straights in total
- Longest Straight: 920 meters (Main Straight / Pit Straight)
- Homologation: FIM Grade A / FIA Grade 1
- Designer: Hermann Tilke (Opened in 1999)

Circuit Characteristics and Layout Features:

- High-Speed & Overtaking: Famous for its technical combination of sweeping high-speed corners, heavy braking zones, and two long back-to-back straights separated by Turn 15 (a tight hairpin).
- Weather & Track Conditions: Demanding tropical climate (high heat and humidity) with a high probability of sudden rain showers, making race strategy and tire management critical.
- Spectator Capacity: Over 100,000 spectators across the double-sided Main Grandstand, Grandstands K & F, and surrounding Hillstands.

Location and Accessibility:

- Distance to Airport (KLIA): ~15 km (approx. 15-minute drive)
- Distance to Kuala Lumpur City Centre: ~60 km (approx. 45 to 60-minute drive)

Precise location at the circuit of:

- Stewards' Office: 1st Floor of the Race Administration Building
- Race Director's Office: 1st Floor of the Race Administration Building
- FIA Office: 1st Floor of the Race Administration Building
- Parc Fermé: Entrance of Main Pit Lane Infront of Scrutineering garages
- Drivers' & Competitors' Briefing: 1st Floor of the Race Administration Building
- Winner's Press Conference: 1st Floor – Media Centre, Press Conference Room – 1st Corridor Entrance

3. 2026 FIA FORMULA 1 WORLD CHAMPIONSHIP™ CIRCUIT CHARACTERISTICS

FORMULA 1 QATAR AIRWAYS AUSTRALIAN GRAND PRIX 2026 MELBOURNE

Date	6-8 Mar	Race distance	306.124 km
Circuit length	5.278 km	Number of laps	58

Albert Park returned to host the first round of the season for the second straight year. Previously, it was the traditional venue for F1's opening race, having held the distinction each year since the event moved to Melbourne in 1996, except for 2006, 2010, and 2021 to 2024. The track offers a combination of long straights, sweeping curves, and tight chicanes that make it a welcome challenge for the drivers.

3. 2026 FIA FORMULA 1 WORLD CHAMPIONSHIP™ CIRCUIT CHARACTERISTICS

FORMULA 1 HEINEKEN CHINESE GRAND PRIX 2026 SHANGHAI

Date	13-15 Mar	Race distance	305.066 km
Circuit length	5.451 km	Number of laps	56

Shanghai International Circuit was designed to look like the Chinese symbol for 'shang', meaning upwards. There is a unique start to the lap as the drivers fly into the ever-tightening Turns 1 and 2, before they dart left through 3 and 4. The super-high G-force Turns 7 and 8 are loved by the drivers, while the circuit also features one of the longest straights on the calendar – the 1.2km stretch that separates Turns 13-14.

FORMULA 1 ARAMCO JAPANESE GRAND PRIX 2026 SUZUKA

Date	27-29 Mar	Race distance	307.471 km
Circuit length	5.807 km	Number of laps	53

Designed as a Honda test track in 1962, the circuit is another racer-favourite, featuring some of the most challenging corners. Among the most popular are the high-speed 130R and the famous Spoon Curve. Its "figure-of-eight" layout also makes the track unique in F1 racing, where the back straight passes over the front via an overpass.

FORMULA 1 CRYPTO.COM MIAMI GRAND PRIX 2026 MIAMI

Date	1-3 May	Race distance	308.326 km
Circuit length	5.412 km	Number of laps	57

A street-track spectacular, with the Hard Rock Stadium at its epicentre, the 5.412-kilometre layout features 19 corners, three straights, and an estimated top speed of 320kph. There are elevation changes too, the main one found between Turns 13 and 16, with the track heading over an exit ramp and under various flyovers across uneven ground. The Turn 14-15 chicane has an uphill approach, with a crest in the middle, and then drops down on exit.

CIRCUIT CHARACTERISTICS

FORMULA 1 LENOVO GRAND PRIX DU CANADA 2026 MONTREAL

Date	22-24 May	Race distance	305.27 km
Circuit length	4.361 km	Number of laps	70

The circuit on Ile Notre Dame, a man-made island on the St. Lawrence River, was renamed for Canadian Formula One driver Gilles Villeneuve, following his death in 1982. 2006 saw the last occasion when US-based Champ Car and F1 ran on the same track. Formula 1's performance proved significantly better with a five-to-seven second advantage, both in terms of qualifying and recording of fastest lap times during the respective races. The Canadian Grand Prix continues to be tremendously popular with both teams and drivers, owing to its festive atmosphere.

3. 2026 FIA FORMULA 1 WORLD CHAMPIONSHIP™ CIRCUIT CHARACTERISTICS

FORMULA 1 LOUIS VUITTON GRAND PRIX DE MONACO 2026 MONTE CARLO

Date	5-7 Jun	Race distance	260.286 km
Circuit length	3.337 km	Number of laps	78

Monaco remains one of the most prestigious auto races in the world, long recognised for its entertainment and celebrity presence. Motorsport's most famous street circuit takes six weeks to build up and organise, offering drivers with the challenge of negotiating numerous elevation shifts and very tight corners, including one of the slowest corners in F1 racing as well as one of the fastest. Due to its unique configuration, change in speeds and lack of straights, keeping the engine cool is a point of focus for the teams, as Formula 1 cars depend on air moving over the car to remove heat, and don't use formal cooling technology.

CIRCUIT CHARACTERISTICS

FORMULA 1 MSC CRUISES GRAN PREMIO DE BARCELONA-CATALUNYA 2026 BARCELONA

Date	12-14 Jun	Race distance	307.236 km
Circuit length	4.657 km	Number of laps	66

The Circuit de Barcelona-Catalunya was built in 1989 through the efforts of a Consortium composed of the Catalan Government, the Reial Automòbil Club de Catalunya (RACC) and the Montmeló Town Council. In September 1991, the 35th Spanish F1 Grand Prix was held following a 17-year absence. Today, the circuit is a familiar site for teams and drivers. It underwent resurfacing and track modifications over the winter of 2020 and has a good mix of high- and low-speed corners, with the challenging Turn 3 right-hander a great chance to evaluate the balance of the car.

CIRCUIT CHARACTERISTICS

FORMULA 1 LENOVO AUSTRIAN GRAND PRIX 2026 SPIELBERG

Date	26-28 Jun	Race distance	307.018 km
Circuit length	4.326 km	Number of laps	71

After its first Formula 1 race in 1970, the circuit, previously known as the A1-Ring, was removed from the F1 calendar in 2003. However, after its redevelopment and re-branding as the Red Bull Ring, it was reopened in 2011 and celebrated its triumphant return to Formula 1 in 2014. Its picturesque setting in an idyllic natural bowl in the Styrian mountains makes a pleasant environment for a Grand Prix.

FORMULA 1 MOET & CHANDON BELGIAN GRAND PRIX 2026 SPA-FRANCORCHAMPS

Date	17-19 Jul	Race distance	308.052 km
Circuit length	7.004 km	Number of laps	44

The Circuit de Spa-Francorchamps is legendary among race enthusiasts for its long-standing history and unique setting. It is considered one of the most challenging tracks in the world, mainly due to its fast, hilly and twisty layout within the Ardennes Forest. The size of the track and the nature of Belgian weather means it can sometimes be raining on one part of the track and dry on another, meaning grip can vary from one corner to the next.

FORMULA 1 AWS HUNGARIAN GRAND PRIX 2026 BUDAPEST

Date	24-26 Jul	Race distance	306.63 km
Circuit length	4.381 km	Number of laps	70

Home of the first Grand Prix to have been held behind the “Iron Curtain”, the Hungaroring was built in record time and remains today a major attraction in Hungary. Held in the summer, the circuit is built in a natural bowl allowing excellent vantage points for spectators. That means that any of the grandstands located on or around the main straight should provide a view of other parts of the track too.

FORMULA 1 HEINEKEN DUTCH GRAND PRIX 2026 ZANDVOORT

Date	21-23 Aug	Race distance	306.587 km
Circuit length	4.259 km	Number of laps	72

Zandvoort was first opened in 1948. Originally made up of a mixture of permanent track and public roads that snaked through the sand dunes of the Zandvoort resort town. Formula 1 would go on to race on and off the track until 1985 before, in 2019, the announcement came that the championship would return to Zandvoort, after a more-than-35-year hiatus. This year's Grand Prix marked the final race at the Dutch venue.

FORMULA 1 TAG HEUER GRAN PREMIO DE ESPANA 2026 MADRID

Date	11-13 Sep	Race distance	308.524 km
Circuit length	5.416 km	Number of laps	57

Formula 1 returned to Madrid after around 40 years at a brand new, purpose-built venue, the Madring. Using both public roads and private land, the Madring combines a street-circuit and permanent set-up feel. Its 22 corners are varied in nature and the straights see cars reach 340kph. There are dramatic elevation changes and the longest banked turn on the F1 calendar.

FORMULA 1 QATAR AIRWAYS AZERBAIJAN GRAND PRIX 2026 BAKU

Date	24-26 Sep	Race distance	306.049 km
Circuit length	6.003 km	Number of laps	51

The six-kilometre, counter-clockwise layout of the circuit was designed by circuit architect Hermann Tilke. The circuit starts adjacent to Azadliq Square, then loop around Government House before heading west to Maiden Tower. Here, the track has a narrow uphill traversal and then circle the Old City before opening up onto a 2.2 km (1.4 mi) stretch along Neftchilar Avenue back to the start line.

CIRCUIT CHARACTERISTICS

FORMULA 1 GULF AIR BAHRAIN GRAND PRIX IN MALAYSIA 2026 SEPANG

Date	2-4 Oct	Race distance	310.398 km
Circuit length	5.543 km	Number of laps	56

Sepang International Circuit is hosting F1 for the first time since the 2017 season. Its first grand prix was held in 1999. The track quickly became one of F1's most recognisable modern venues, setting the template for many of the purpose-built circuits that followed. The wide layout combines long straights, heavy-braking zones and a variety of fast, flowing corners, allowing drivers to attack from multiple racing lines. The venue is renowned for its heat and humidity, and sudden tropical downpours can transform conditions in an instant.

FORMULA 1 SINGAPORE AIRLINES SINGAPORE GRAND PRIX 2026 MARINA BAY

Date	9-11 Oct	Race distance	305.337 km
Circuit length	4.927 km	Number of laps	62

The Marina Bay Street Circuit plays host to Formula 1's first-ever night race. Given its city setting, the circuit is popular with fans and teams for its easy access, allowing many of the drivers and engineers to simply walk from their hotels to the circuit. Drivers must negotiate tight racing lines, adjust to driving at night under a vast and sophisticated lighting system, and ensure their fitness to deal with the high levels of humidity.

CIRCUIT CHARACTERISTICS

FORMULA 1 GRAN PREMIO DE LA CIUDAD DE MEXICO 2026 MEXICO CITY

Date	30 Oct-1 Nov	Race distance	305.354 km
Circuit length	4.304 km	Number of laps	71

Returning to the F1 fold in 2015, the Autodromo Hermanos Rodriguez is situated in the centre of Mexico City, having not held an F1 Grand Prix since 1992. The facility was comprehensively upgraded, while the entire track was resurfaced and changes were made to a number of corners, including Peralta. It has been a huge success since its return, delivering sold-out races in succession and winning accolades for its organisation in the process.

CIRCUIT CHARACTERISTICS

FORMULA 1 HEINEKEN LAS VEGAS GRAND PRIX 2026 LAS VEGAS

Date	19-21 Nov	Race distance	309.958 km
Circuit length	6.201 km	Number of laps	50

F1 previously raced in Las Vegas in the early 1980s on a temporary track next to Caesars Palace hotel, but the sport's return in 2023 saw drivers tackle an all-new circuit encompassing the very best the City of Lights has to offer – including the famous Strip. Located in the heart of downtown Las Vegas, the 6.201km street circuit winds its way past iconic locations like the aforementioned Caesars Palace, the Bellagio, and the Venetian.

CIRCUIT CHARACTERISTICS

FORMULA 1 QATAR AIRWAYS QATAR GRAND PRIX 2026 LUSAIL

Date	27-29 Nov	Race distance	308.611 km
Circuit length	5.419 km	Number of laps	57

Lusail International Circuit, located on the outskirts of the capital city of Doha, was built in preparation for hosting Qatar's first ever MotoGP event in 2004, with the circuit completed in just over a year. 2021 marked the first time Qatar had ever hosted the FIA Formula One World Championship – with the country signing an additional 10-year deal to host the sport from 2023. Designed primarily with motorcycle racing in mind, the 5.419-kilometre track is fast and flowing, where medium- and high-speed corners predominate. Over one kilometre of the track's total length is made up of the main straight, which provides plenty of overtaking opportunities into Turn 1.

7.1 FORMULA TROPHY MALAYSIA

Formula Trophy Malaysia (FTM) is one of South East Asia's premier single-seater championships for junior drivers. Formerly known as the Formula 4 South East Asia Championship, it was rebranded ahead of this 2026 season.

FTM continues in the footsteps of Formula Trophy UAE (FTUAE), organised as an end-of-season series for Formula 4 cars, organised by Shanghai-based Top Speed, and aimed at drivers preparing to take their first steps into international F4 competition.

With official tyre supplier, Giti Tyres, FTM will be fought out over three events, all at the 5.543-kilometre Hermann Tilke-designed Sepang International Circuit, with rounds on November 6 to 8 and December 11 to 13 following on from the prestigious season-opener supporting the Formula 1 Gulf Air Bahrain Grand Prix in Malaysia 2026.

The field is largely composed of F4 newcomers, hailing from as far afield as Europe and Scandinavia as well as across Australasia and Asia.

FTM CAR SPECIFICATIONS

Chassis	Tatuus F4 T421 GEN2
	Monocoque carbon composite FIA F4 2021 homologated
	TatuusHalo FIA homologated
	Carbon composite front, rear and side crashbox
