

FIA WTCC 2015: Race-by-race press accreditation procedure

1: ONLINE ACCREDITATION

All international race-by-race requests from printed publications, agencies and websites must be made online at <https://acr.fia.com/ECR/>.

Applications from printed publications, agencies and websites for their national event must be addressed to the National Press Office of each circuit. Names and contacts of the NPOs are available below.

TV, radio and any websites streaming moving images must apply to the WTCC promoter, Eurosport Events, by emailing Antonios Argyropoulos: fiawtcc_accreditations@eurosport.com.

First-time, international race-by-race applicants must register via the online accreditation system before any application for accreditation can be submitted. After approval by the FIA the applicant will receive an email, which will give access to the online accreditation system.

Only then can an accreditation application be submitted. Please note that the FIA reserves the right to refuse access to the online accreditation system.

After approval the online accreditation system can be accessed via the FIA website using your chosen ID and password.

The online accreditation system will apply for accreditation requests for all rounds of the 2015 FIA World Touring Car Championship. The online accreditation system not only gives the possibility to apply for a press credential but also to monitor current and past requests any time the user logs into their account on the system.
