* Please note that you need an Entrant's (= 'Competitor's) licence, even if your event entries will be made in the name of the driver. Some ASNs issue a combined 'Entrant/Driver' licence; others issue 2 separate licences – one for the Entrant/Competitor in the name of the driver and one for the driver himself. Please check with your ASN which method they use. Without an Entrant's/Competitor's licence, you will not be permitted to start events. Please specify if you wish your event entries to be made in the name of the driver only. If you wish your event entries to be made in the name of a sponsor, ASN, club or other person, you must provide a valid Entrant's Licence in the name of that entity, in advance of the event entry forms being submitted (= 30 days before the event). You cannot change this Entrant/Competitor after the event entry has been made.

Motor Sport can be dangerous and serious accidents may happen. For this reason, the Promoter of JWRC requires the details of 2 contact persons for each driver and co-driver. This information will be treated in confidence and the persons will only be contacted by the team management in the event of a serious accident (requiring hospital treatment, etc) during an event, if those persons are not present at the event.
