TRAVEL INFORMATION

Electricity

In Turkey the electricity voltage current is 220 volts AC (50 Hz). Electricity sockets comply with European regulations. In most hotels you will find adaptors for different types of plugs.

Currency

The local currency used in Turkey is the Turkish Lira. There are 5 different coins (5,10,25,50,1 TL) and 6 paper notes (5,10,20,50,100,200 TL).

ATMs (known as 'ATM or Bankamatik' in Turkish) are widely available throughout Turkey, and most will accept cards tied into the Visa and Mastercard systems.

Beware of transaction fees. Every time you withdraw cash, you will be charged a foreign exchange fee by your local bank and a transaction fee of around 1% to 3%.

If an ATM rejects your card, try another one before assuming the problem is with your card.

Credit Cards

Major cards such as Visa, Mastercard are widely accepted. Amex and Cirrus are also recognised, although they are less common.

Virtually all midrange and top-end hotels accept credit cards, as do most restaurants and large shops.

Pharmacies

Pharmacists can give you valuable advice, mostly also in English and sell over-the-counter medication for minor illnesses.

Pharmacies keep open from Monday to Saturday, between the hours 09:00 to 18:00 and closed on Sundays. You can reach pharmacies on duty, after official closing hours and also on Sundays.

Driving in Turkey

Driving licenses issued by any of EU and US member states are valid throughout the country.

INTERCITY İSTANBUL PARK HISTORY

Designed by Herman Tilke, Intercity İstanbul Park is home to one of the most famous turns in Formula 1 history, turn 8. With sudden elevation changes and the high speed turns, the 2005 built track still offers a challenge. Even though the circuit hasn't hosted the Formula 1 World Championship since 2011, many action packed races like DTM, MotoGP and WTCC were held here during this period. With the support of Intercity, the Circuit has become the heart of motorsport in Turkey and fuels this passion by staying active at least 300 days of the year with track days, national racing series, and driving and riding academies.

2005: With the first F1 Race of Turkish History taking place at İstanbul Park a staggering crowd came to see and hear the cars going through the main straight. F1 was not the only series to race in 2005. MotoGP, WTCC, DTM LMES 6 Hours and FIA GT Championship also took place in 2005 on the circuit.

2006: Formula 1 returned to İstanbul once again with other prestigious series such as MotoGP, WTCC, DTM LMES 6 Hours and FIA GT Championship.

2007: Formula 1 was once again the main event of the year alongside MotoGP.

2008: Formula 1 was the main event of 2008.

2009: Formula 1 was the main event of 2009 and witnessed Jenson Button winning the race with the amazing Brawn GP Team.

2010: In 2010 Intercity İstanbul Park witnessed one of the biggest events of this decade as Red Bull drivers Mark Webber and Sebastian Vettel collided at turn 12.

2011: Formula 1 said farewell to İstanbul with an action-packed race. Spectators were able to see 80 overtakes, a record that hasn't been broken since 1983. Sebastian Vettel won the race on his way to being two time World Champion.

2012: Intercity Group has acquired the right to use the track for 10 years and started the foundations of today's activities.

2013: Superbike also made a one year appearance in 2013 when Turkish Superbike superstar Kenan Sofuoğlu finally found a chance to race in front of his home crowd and won. The Intercity Driving Academy was founded in this year and began offering courses for road, truck and performance driving. The circuit also started hosting the Intercity Turkey Circuit Race Championship.
