- Third Party Insurance in the amount of €12,500,000 for the event.

- Third Party Traffic Insurance in the amount of €12,500,000 and of €1,250,000 for material damage caused by fire, bursts of flame or explosion.

The organiser's third party insurance is valid for the entire duration of the competition, not only during official practice and the race heats but also for

travelling from the parking area to the course of the competition and back.

Article 8 – Protests and appeals

Protest fee: €125.

Appeal fee set by the ASN: €1,240.

International appeal fee (FIA): €6,000.

Any protest must be lodged in accordance with the Code. Protests must be made in writing and handed to the clerk of the course or to his assistant, or in their absence to a steward, accompanied by the requisite protest fees.

If the protest requires the dismantling and re-assembly of various parts of a car, the claimant must also pay a deposit of between €25 and €25,000.

Competitors have the right to appeal, as laid down in Articles 14.1 to 14.4 of the Code and as provided for in the regulations of the International Court of Appeal.

Article 9 – Additional provisions by the organiser

A) Reminder concerning drivers' safety equipment

During the practice heats and race heats, drivers are strictly obliged to respect the safety measures in the standards specified in the Sporting Regulations of the Masters, whereby they must:

- Wear a helmet
- Wear a head restraint device (if applicable)
- Wear flame-resistant clothing (including overalls, mask or balaclava, gloves, underwear, and socks)
- Be restrained in their seat by the safety harness
- Keep the driver's side window closed (for closed cars).

These obligations are valid for any convoy and for any driving inside the paddock.

B) Other:

- Setting up on the pre-grid:

Drivers must place themselves at the disposal of the clerk of the course at least one hour in advance and take their places on the pre-grid (hôtel Braas, Am

Haesbisch/An der Huuscht) at the exact time set out on their starting cards. Drivers shall accept the consequences should they be unaware of any conditions or changes to the timetable that might be decided prior to the start.

- Conduct in the paddock:

Inside the paddock (counting from the deceleration zone immediately after crossing the finish line), any driving throughout the duration of the event must be done at a greatly reduced speed (**at walking pace!**) and with the utmost caution. This applies equally to the competition cars and to any accompanying vehicles, including motorcycles and quads for which the wearing of a helmet is mandatory at all times!

On account of the configuration of the paddock (locations mainly along various roads), "awning" type structures **fixed along the side** of a truck cannot be installed. Competitors/drivers are requested to equip themselves with collapsible tents instead, to be placed in front of or behind their truck.

Private cars belonging to competitors, drivers and their entourage must be parked outside the paddock area, and on no account in places marked "no parking".

The organiser's directives concerning the allocation and limits of the locations for the participants in the paddock area must be scrupulously observed.
