**Introduction of a new name "VS1801" for VAISON SPORT safety fuel bladder**

Dear Sir or Madam,

We hereby inform you that the FIA has published an updated technical list n°1 which can be found on the FIA website [www.fia.com](http://www.fia.com) or by clicking on the [following link](#).

On the 15<sup>th</sup> of March 2018, the FIA approved the VAISON SPORT fuel bladder type "SAT5824" in accordance with the FIA standard FT3-1999.

Recently, we acknowledged the risk of confusion coming from the fact another company listed in the TL n°1 was already using "SAT5824". To avoid any misunderstanding, it was agreed to re-name the VAISON SPORT "SAT5824" into "VS1801".

It was also agreed that the previously manufactured, labelled and sold bladders made by VAISON SPORT with the name "SAT5824" will remain valid and will not need any recall. The exact list of these bladders is available in appendix 1.

We remain at your disposal for any further information you may require.

Yours faithfully,

Yvan DEVIGNE
