

TO: Teams Manufacturers
CATEGORY: Hypercar LMGT3
DECISION N°: WEC_2024_D01_Hypercar_Appendix_9_Article_2_Clarification
DATE: 15/01/2024 **FROM:** The WEC Committee
SUBJECT: Clarification on Endurance test allocation

APPLICABLE REGULATION

Appendix 9 2024 FIA World Endurance Championship Sporting Regulations

DECISION

The WEC Committee would like to clarify Article 2 of Appendix 9 of the FIA WEC Sporting Regulations as follows:

2. PROVISIONS REGARDING THE USE OF TYRES

2.1 Tyres used for Testing must only be supplied by the designated tyre manufacturer, in compliance with these Regulations.

2.2 Unless stated otherwise in these Regulations, Testing must be carried out on tyres of the specifications declared for the corresponding Championship's Competitions.

Upon the agreement between the Competitor and the tyres manufacturer, it will be allowed to use 2022 specification, with a maximum of 2 tyres sets (8 tyres) per day per team ; those tyres will be counted within the allocations defined in 2.3. **Those tyres will be counted towards the allocation defined in article 2.3.**

Upon the agreement between the Competitor and the tyres manufacturer, it will be allowed to use development tyres with a maximum of 3 sets (12 tyres) per year per team; those tyres will not be counted within the allocations defined in 2.3; those development tyres will be supplied free of charge to the concerned team.

2.3 Maximum daily and yearly numbers of usable dry-weather tyre allocations will be determined for Manufacturers and Teams, as well as a specific allocation for endurance Test Days.

The maximum number of dry-weather tyres that can be used for the tests defined above is defined as follows:

	1 year (sets)		1 day (sets)	1 endurance (sets)
	Manufacturer	Team		
Competitor	120 (30)	200 (50)	24 (6)	60 (15)

2.4 Within the allocations, Manufacturers shall be limited to two endurance test days, and teams shall be limited to one endurance test day per calendar year. **Endurance testing days are expressed in numbers of car/day: one (1) car on track equals one (1) day consumed.**

2.5 Endurance Test Day means a maximum 24 hours of continuous running. This 24-hour period is permitted to span over two (2) calendar days. In such instance, the two (2) calendar days must be declared and are counted as a single Endurance Test against the Endurance Test allocation.

2.6 The number of tyres specified for the allocations above shall be disseminated via Championship-specific Bulletins.

2.7 These tyres must not be sold or transferred in any way from any Manufacturer and/or team to another.

PERIOD OF VALIDITY/APPLICATION OF THE DECISION

This decision comes into effect:
