To	The Stewards	Date	29 June 2025
		Time	13:19

Technical Delegate's Report

The front plank of car **17** was found to be with a maximum thickness of 3.37mm and 3.27mm at the periphery of two of the designated holes.

This is not in compliance with Art. 3.2.2 of the FIA Formula 2 Championship Technical Regulations. A minimum thickness of 4mm will be accepted due to wear and must be respected at least in one position at the peripheries of the designated holes.
