LIST OF ASNS AND THIRD-PARTY SUPPLIERS OF THE FIA IMPACT DATA RECORDER (IDR)

TECHNICAL LIST N°113

Acquisition of IDRs

1. FIA Competitors seeking to acquire an IDR to be used during a competition of one of the FIA Championships, shall place the order via the following one's respective ASN:

   - **Motorsport UK (MSUK)**
     - **Link for e-shop**

   - **Deutscher Motor Sport Bund (DMSB)**
     - (e-mail: **international@dmsb.de**)

2. FIA Competitors seeking to acquire an IDR to be used during a competition of one of the FIA Championships, whose ASN is not included in point 1 above, shall place the order via the following link:

   - **Impact Detect**
     - **Link for e-shop**

Installation of IDRs

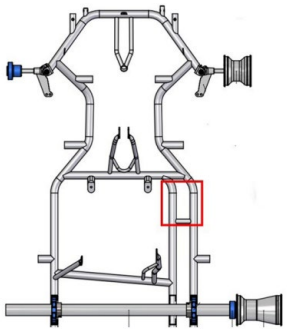
The IDR must be installed following the instructions specified below:

a. The IDR must be installed on a flat surface as close as possible to the CoG of the vehicle. The arrow-shaped tip must be pointing forward in the direction of travel and aligned with the X axis of the car.

b. It is forbidden to make any modifications to the IDR installed in the vehicle.

c. The IDR shall not be removed during its validity. If major repairs, for example painting or welding, need to be done and the IDR must be removed, the competitor must communicate this to the respective Technical Delegate.

Note: For KARTING IDR, the position is defined in Appendix 12 of the CIK-FIA Karting Technical Regulations.



Appendix 12 Karting Technical Regulations - Impact Data Recorder (IDR) - Position

Validity of IDRs
IDRs have a lifespan of 2 years, after which should be replaced for a new IDR.

If an IDR has a date of validity finishing in the middle of an event, the FIA Competitor shall make sure the device is replaced before this given event.

IDRs produced before 31.12.2025

The table below includes the colour scheme of IDRs produced before 31.12.2025

IDR QR code colour	Must be replaced until:	Note:
	Immediately	
	31.12.2026	

IDRs produced after 31.12.2025

The table below includes the colour schemes of IDRs produced after 31.12.2025.

IDR QR code colour	Must be replaced until:	Note:
IDR		
	The validity date will be included in the packaging of each IDR; the IDRs must be replace before the end of this date.	The IDR can be used in any competition besides karting
KARTING IDR		
	The validity date will be included in the packaging of each IDR; the IDRs must be replace before the end of this date.	The KARTING IDR is exclusive to karting competitions
